

## **Karl Pehnke – Transportation and Traffic Expert – Joins Langan**

**Elmwood Park, NJ (March 8, 2010)** – Langan Engineering & Environmental Services announced today that Karl Pehnke, one of the region’s most respected and accomplished transportation and traffic engineers, has joined the firm as an Associate. Pehnke, formerly a Principal and Director of the Transportation Division of CMX, has nearly 25 years of extensive traffic engineering, parking and transportation planning experience throughout New Jersey, New York, Pennsylvania, and Connecticut.

“Karl Pehnke’s reputation is synonymous with excellence in traffic and transportation consulting, and we are thrilled to have someone of his stature join the Langan team,” said David T. Gockel, President/CEO of Langan. “Infrastructure projects are critically important, and adding Karl further strengthens the reach and scope of Langan’s services in that market.”

Pehnke joins an experienced group of traffic engineers and transportation planners, including Daniel Disario, Senior Associate, Bill Lothian, Senior Associate, and Gregory Del Rio, Associate. Pehnke’s expertise includes traffic engineering studies, transportation planning studies, parking studies and functional layout, interchange justification studies, traffic demand management, and township, city, and county circulation studies. He is also regarded for his ability to provide compelling presentations and testimony to build public consensus for controversial projects.

“I have known, competed against, and worked with engineering professionals from Langan for many years and during that time I have had the utmost respect for the firm,” said Pehnke. “So I am honored and excited to now be part of Langan and look forward to helping the firm grow and expand further locally, nationally, and internationally.”

With experience in more than 14 states, Pehnke is an expert in the New Jersey Highway Access Code, New Jersey CAFRA permitting, New York State SEQRA, Connecticut STC Permits, Massachusetts MEPA requirements, and Pennsylvania Highway Occupancy Permitting processes.

### **About Langan Engineering & Environmental Services**
