

Jared M. Green, PE

Senior Associate

Geotechnical Engineering & Project Management

14 years in the industry

Mr. Green is a geotechnical engineer with extensive experience ranging from initial subsurface investigations and schematic designs to construction phase oversight for complex projects throughout the New York Metropolitan Area and Upstate New York. He manages multi-discipline projects that include the monitoring of geotechnical instrumentation; analysis, design and construction inspection of foundation systems and retaining structures; evaluation of earth and rock slope stability; and preparation of geotechnical engineering reports. Throughout his career, Mr. Green has worked on numerous projects requiring creative design solutions in order to perform excavation alongside historic structures and sensitive below-grade transit tunnels.

Mr. Green is very active within the Deep Foundations Institute – Micropile Technical Committee, the American Council of Engineering Companies of New York and the American Society of Civil Engineers Metropolitan Section – Geotechnical Group.

In 2017, Mr. Green was named one of ENR New York's Top 20 Under 40.
