

Kevin Webb, PE, LEED AP

Senior Associate/Vice President
Site, Civil Engineering

25 years in the industry ~ 5 years with Langan

Mr. Webb has 25 years of experience in engineering for the development of commercial and office facilities, residential developments, including senior housing, and institutional facilities, including hospitals and schools. Mr. Webb provides design, permitting and construction of site plans, subdivisions and road reconstruction projects for private and municipal clients. He is responsible for pre-design site analyses, due diligence investigations, conceptual planning and layout design and all site design elements, including horizontal layouts, roadway design and grading, sanitary sewer systems, storm sewer systems and stormwater management systems. Mr. Webb has provided expert witness testimony before Planning and Zoning Boards throughout New Jersey and represented clients before local, County, regional and State regulatory agencies.
