JOHN F. KENNEDY CENTER FOR THE PERFORMING ARTS EXPANSION

Washington, DC

Langan provided fully integrated engineering services for the 5-acre expansion of the John F. Kennedy Center for the Performing Arts. The facilities expanded by 78,000 square feet, including three pavilions and a pedestrian bridge as part of its REACH campaign.

JAVITS CENTER EXPANSION

New York, NY

Located on Midtown Manhattan's far west side, Langan provided geotechnical, site/civil, and environmental engineering services for this major renovation in 2017, which included a 110,000-square-foot expansion. Langan remains a trusted consultant at New York City's largest convention venue.
